100 Days to Make You Brilliant Programs

Inspirational Leader

This program gives the organisation's leaders the tools to create the strategies that enable the right culture for the company. The leader is responsible for the vision which gives employees the goals to aim for and the values that enable the behaviours that will bring the vision to life.

This program is built around unlocking the inspirational leadership skills that make employees want to go the extra mile and build a company that is excited about change and follows a purpose that keeps the company focussed in times of uncertainty.

Our program will encourage you to be the inspirational leader whose strategic thinking empowers the workforce to put customer first, enables a true sense of belonging that encourages creativity and motivates their people to be brilliant.

The learning outcomes for this program are as follows:

- * Understand what is the culture of the company and what to do if it needs to change.
- * Manage and communicate change with all employees understanding the need and how to implement the change.
- * State the importance of purposeful leadership, creating a vision and values that enables a sense of unity.
- * Understand what it means to be inspirationally influential and how to use power responsibly.
- * Understand your motivations when things are going well and what happens when in conflict.
- * Understand how to use their strengths and to be wary of the effect of overdone strengths.
- * How to manage key stakeholders and network effectively to build positive relationships.
- * Create the strategy that will drive the company forward and how to communicate the strategy so that employees understand it without ambiguity.
